 In-depth study of the related topics in music theory.

RESOURCES AND INSTRUMENTS REQUIRED/ADVISED
 Tablets, notebooks or similar devices. Handouts and worksheets provided by the teacher. Audio materials provided or recommended by the teacher. Various texts suggested by the teacher.

COURSE OBJECTIVES
 Developing analytical skills to identify the main structures and textures in a wide range of musical excerpts.
 Recognizing key musical devices and formal structures, such as phrases, periods, and fugue incipits. Identifying and singing tonal, atonal, and modal scales, as well as their arpeggios. Acquiring the ability to transcribe short pieces for two voices, starting from the Renaissance style, and to notate short harmonic sequences and cadences using triads and seventh chords. Developing skills in rhythmic notation, including polyrhythms. Gaining a conscious understanding

of the main concepts in music theory and notation, with a focus on the topics covered and one's own instrumental or vocal repertoire.

ASSESSMENT CRITERIA

In class assessments and exam at the end of course
